

Announcement

Master of Science in Nutrition and Dietetics (International Program)

Research Publication Award

The Master of Science in Nutrition and Dietetics (International Program) wants to emphasize on the importance of research publication as well as to support the dissemination of internationally published articles and encourage the students to create high quality researches, the program has offered the Research Publication Award as follows.

Criteria for eligible students:-

1. Being a student in the Nutrition and Dietetics (International Program) and having a research outcome published in an international journal.
 - 1.1 The research article has to be **Original Article** or **Review Article** from the student's thesis.
 - 1.2 The published article must be in an international database such as the ISI database or the SCOPUS database or the latest academic journals that the Higher Education Commission accepted and have a quartile score from Q1-Q4.
2. The students requesting the award must be the First Author and the advisor must be the Corresponding Author of the research article.
3. The student must attach a copy of the research article and related documents (please see Research Publication Award Form). Complete the form and send the electronic files to Dr. Uthaiwan Suttisansanee (uthaiwan.sut@mahidol.ac.th) cc Ms. Rapeepan Dhamajong (rapeepan.dha@mahidol.ac.th).
4. The awards for publication can be categorized as follows
 - International journal with a quartile score from Q1-Q2 5,000 baht
 - International journal with a quartile score from Q3-Q4 2,500 baht

The eligible student will be considered by the executive committees of the Master of Science in Nutrition and Dietetics (International Program). The final decision made by the executive committees is absolute.

Announced on 18th July, 2019
