

Announcement

Master of Science in Nutrition and Dietetics (International Program) Financial Support for State Quarantine Charge during COVID-19 Pandemic Situation

The Master of Science in Nutrition and Dietetics (International Program) emphasizes on the progress of thesis during the COVID-19 pandemic situation. In this regard, the program shall provide the financial support for the students who stay outside Thailand and want to return to continue working on thesis. This fund will partially support for state quarantine charge and the eligible criteria are as follows:

Criteria for eligible students:-

1. Being a student in the Nutrition and Dietetics (International Program) batch 2018-2019 who stay outside Thailand during COVID-19 pandemic situation and need to return to continue working on thesis.
2. The financial support is 10,000 baht per recipient.
3. The student must have good progress in thesis research in a semester after returning to Thailand.
 - 3.1 For students who have not started in thesis research: students must pass the proposal examination in one semester after returning to Thailand.
 - 3.2 For students who already have the formal thesis advisor: student must have the satisfactory result (online GR 42 submission) from thesis advisor in the first semester after returning to Thailand.
3. The student who wants to apply for this financial support, must pay the state quarantine charge in advance and send the application form with the receipt to Educational Affairs Office for reimbursement.
4. This financial support will be provided only one time per one student.

The eligible student will be considered by the executive committees of the Master of Science in Nutrition and Dietetics (International Program). The decision made by the executive committees is absolute and final.
